MEMORANDUM

TO: RENEE WHITE
Regulatory Coordinator
Virginia Department of Medical Assistance Services

FROM: USHA KODURU
Assistant Attorney General

DATE: November 10, 2005

SUBJECT: Fast Track Regulation to Revise MEDALLION Regulations

I am in receipt of the attached regulation to revise the MEDALLION Primary Care Case Management System. You have asked the Office of the Attorney General to review and determine if the Department of Medical Assistance Services (“DMAS”) has the legal authority to promulgate the regulation and if the regulation comports with state and federal law.

Based on that review, it is my view that the Director, acting on behalf of the Board pursuant to Va. Code § 32.1-324, has the authority to promulgate these amendments to the State Plan, subject to compliance with the provisions of Article 2 of the Administrative Process Act and has not exceeded that authority. The Governor’s Executive Order 21 (2002) provides for the periodic review of regulations. These regulations will enable the Director, in lieu of the Board of Medical Assistance Services, to simplify the existing MEDALLION regulations and revise and update the MEDALLION regulations to address operational and waiver changes in the program. However, if an objection to the use of the fast-track process is received within the public comment period from 10 or more persons, any member of the applicable standing committee of either house of the General Assembly or of the Joint Commission on Administrative Rules, the Department of Medical Assistance Services shall (i) file notice of the objection with the Registrar of Regulations for publication in the Virginia Register, and (ii) proceed with the normal
